February 8, 2024

Dear Chamber Member:

The Northern Ohio Area Chambers of Commerce (NOACC) has entered into an agreement with Sedgwick and will be using them solely as of today for the purposes of the promotion of workers' compensation in relation to Third Party Administration and Managed Care.

If you are currently using a different company for TPA services, please reach out to that company for any questions you might have regarding the current service. If you wish to switch your service to Sedgwick, please complete this online [AC-3 form](#) and someone from Sedgwick will get back to you. This form allows Sedgwick to contact the BWC and request some basic information about your company to assist in quoting and answering any questions you might have.

As we continue to reach out to members to introduce Sedgwick, you may receive an email or phone call from one of the contacts below regarding the program.

Sincerely,

Cindy Holzheimer
NOACC President/CEO
